

Sage Fixed Assets solutions provide greater control over your operations with comprehensive depreciation calculations, complete asset inventory tracking and reconciliation, full construction-in-progress management, and easy customized reporting. By automatically tracking recent and pending tax legislation and updating accordingly, Sage Fixed Assets takes the worry out of compliance issues and audits. You will be able to effectively and confidently manage every step of the fixed asset lifecycle – from acquisition to disposal.

Benefits

- Depreciation: Simplified fixed asset tracking with comprehensive depreciation calculations including over 300,000 U.S. and Canadian regulations for businesses, governments, and nonprofits
- Tracking: Conduct thorough physical inventories of your fixed assets with an easy graphical step-by-step process and state-of-the-art mobile devices
- Planning: Take control of your fixed assets before they even become fixed assets with flexible management of capital budgeting and construction-in progress projects
- Reporting: Create an endless variety of custom reports, including charts, graphs, and advanced formatting options
- Services: Get up and running quickly with customized inventory and professional services as well as expert, hands-on training
